## REMARKS

A petition for a three (3) month extension of time for filing this Amendment is submitted herewith.

Claims 1-11 and 13-19 are now cancelled. New method claims 27-34 have been added. Further, new Figure 6 illustrating a method of the preferred embodiment has been added. Support for the new claims and new figure can be found throughout the specification and specifically in paragraphs 0019, 20, 28, 33, and 34.

## THE PRIOR ART REJECTIONS

Applicant respectfully traverses the rejections to Uchida and Brown. Uchida discloses a centrifuge tube for gravimetric separation of cells using a centrifuge. This type of device would not be used to perform gas/liquid separations of a supercritical fluid mobile phase flow stream.

Brown discloses a separable container for performing immunochemical and enzymatical reactions and procedures. This type of device would not be used to perform gas/liquid separations of a supercritical fluid mobile phase flow stream.

## CONCLUSION

In view of the foregoing, Applicant respectfully submits that claims 12, 20-22, and 27-34 all the claims presently pending in the application, are patentably distinct over the prior art of record and are in condition for allowance. The Examiner is respectfully requested to pass the above-identified Application to issue at the earliest possible time.

Should the Examiner find the above-identified Application to be other than in condition for allowance, the Examiner is requested to contact the undersigned at the local telephone number listed below to discuss any other changes that may be deemed advisable in a telephonic or personal interview. The Commissioner is hereby authorized to charge any deficiencies to Attorney's Deposit Account No. 50-1768.

Respectfully submitted,
